To Whom It May Concern:

I am writing in reference to Jim Davis, President of Landcraft Design and our experience working with him at Chestnut Tower Apartments for many years. Landcraft Design has been our preferred landscape contractor since 2017, and we worked with Jim personally for many years prior.

Jim has always been professional, thoughtful, and incredibly easy to work with. Landcraft Design delivers high-quality work and is customer service focused. We always appreciate that they take our ideas and suggestions into account when creating our landscaping plans to deliver a beautiful product that we are satisfied with. Jim is flexible and accommodating whenever possible.

I am happy to highly recommend Jim Davis and Landcraft Design to anyone in need of landscape services.

Sincerely,

Megan Perkins Roldan
Property Manager
